

Subatomic Particles (SAPs) Class Preparation

Before class starts, you will need the following items near you.

Kit	Items not in kit
12 red, 12 blue, 12 green beads	colored pencils
plastic bowl	atom model and legend from previous class
bingo cards	2 worksheets (print from website)
	periodic table from previous class
	25 coins or large dried beans in a cup

Preparation Instructions:

1. Gather all the items listed above and put them where you will be sitting for the class.
2. Print worksheets from my website (<http://www.handsonsciencefun.com/chem-videosworksheets.html>).
3. Put the red/blue/green beads in the plastic bowl.
