

## Static Electricity and Inertia Class Supplies and Lab Setup

Before class starts, you will need the following items near you.

Items in Kit	Items not in kit
2' PVC pipe	aluminum soda can (empty) – any size
bag of tinsel	worksheet (print from website)
1 playing card	1 quarter
1 toothpick	small piece of tape (scotch or masking)
3.5" x 3.5" orange paper	paper towel
1 balloon	ruler
wood block	scissors
2 toothpicks	1 thin produce bag (can be a used bag if clean)
chopstick	bath towel or hand towel
	white glue

### Preparation Instructions:

1. If your child has trouble tying knots, please tie the tinsel strands before class starts. (See photo on website)
  - a) Arrange 6 strands of tinsel together and tie them together in a knot at one end.
  - b) Tie them together again about 6 inches from the first knot.
2. Blow up and tie the balloon right before class starts.
3. Gather all the items listed above and put them where you will be sitting for the class.
